Onions

Not so green

Sometime in 2007...

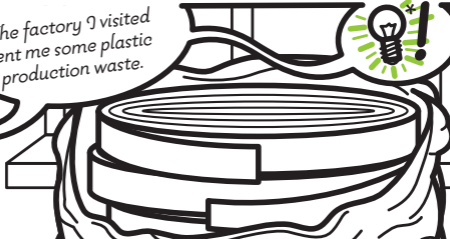

Parcel Service

Daria,
the stuff you've
ordered is here...

...look
in the
kitchen!

wow!
It's
huge!

The factory I visited
sent me some plastic
production waste.

I'm gonna
use it in my
diploma
work...

steel plastic

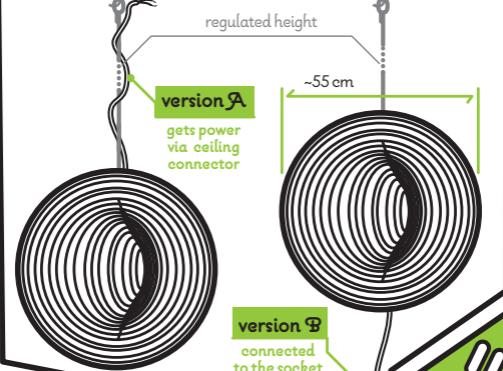

seat

...so she did an 'Onion' chair

A few months later...

why not try
it in a lamp?

...and that was the beggining of 'Onion' lamp

unlike other onions,
dbwt guarantees
no-tear procedure
during its lifetime

delivered in flat form,
the Onion needs a simple set-up
by the customer (instructions provided)

due to
environmental
issues and
safety reasons
the Onion
digests energy
saving bulbs
only!

We are proud of:

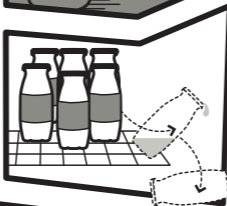

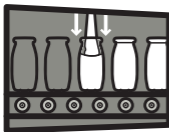

The Onion
lamp
"GOOD
DESIGN 2009"
competition*
FINALIST

* "Well-Designed Product at the Polish market"
THE INSTITUTE OF INDUSTRIAL DESIGN, WARSAW

Milk Product

don't
dump
things,
pal

Free yourself from
'consume~dump'
approach:

- collect a few plastic cups from milk products,
- drill a hole at their bottom,
- get our 'Milk Product' set (light emitting diodes, power adapter, cables & set-up instru...

...otions),
• convert
all the stuff
into subtle
source of
supplementing
light*

*suggestion is
that's ideal bed-
room companion
to kids who are
afraid of the dark

CUMULUS MAXIMUS

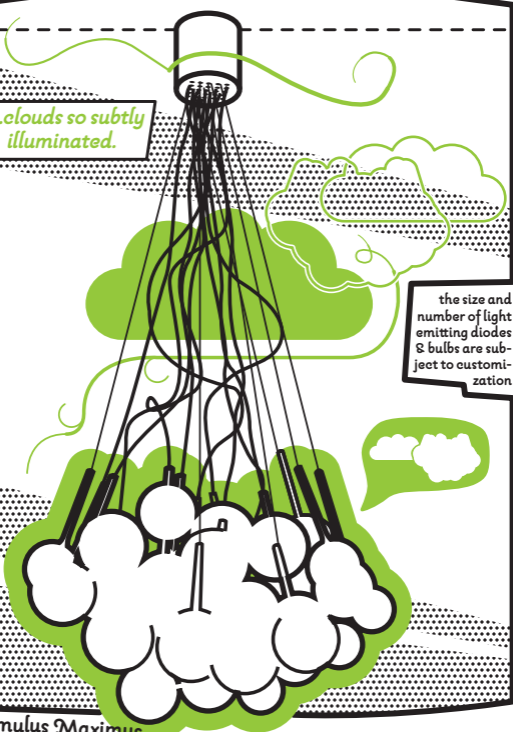

Fragile shapes...

...high above...

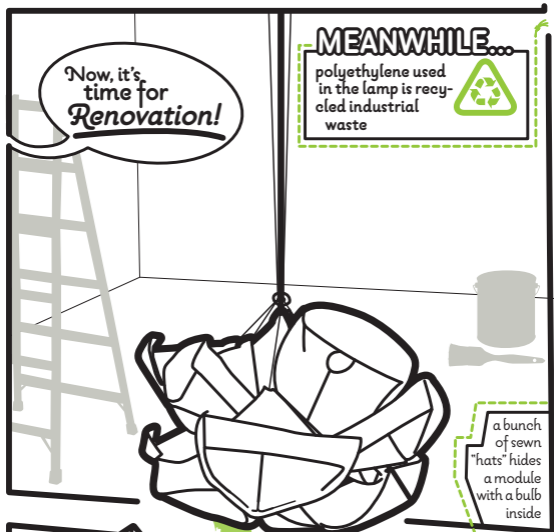

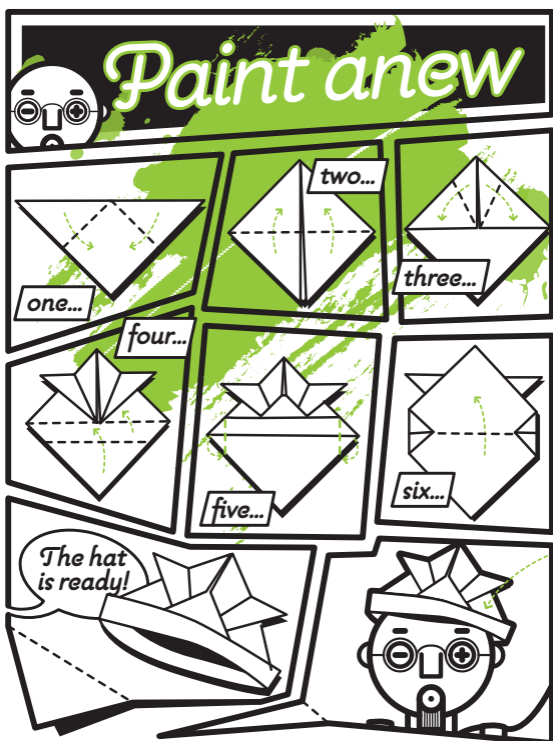

...clouds so subtly illuminated.

the size and number of light emitting diodes & bulbs are subject to customization

Cumulus Maximus

Bubble Gum

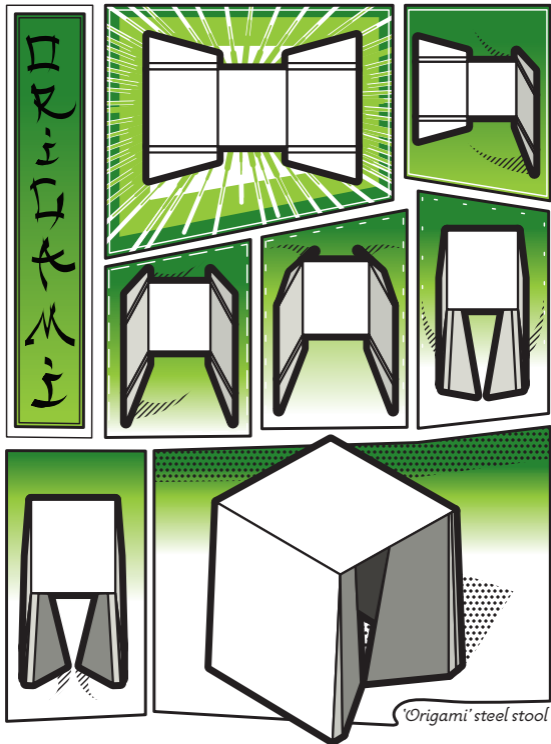

...in order
to get...

the
Bubble Gum
lamp-
shade
